Notes:

While the information contained in this documents is, to the best of our knowledge, accurate, there may be some inaccuracies that are due to changing specifications or requirements. We make no recommendations in regards to the suitability of any container and the customers intended use of that container. It is the customers responsibility to test any container to determine the container's suitability for the customer's intended application.

Some molds listed as stock are actually customer owned tooling, used under royalty agreements and may have restrictions on the products that can be packaged in them. Contact us for further information.
